

# General Data Protection Regulations (GDPR) - Urgent Action

If you have registered on the Ramblers Website and set your preferences to include email then no action is required.

However it is a good idea to check that the details the Ramblers hold are correct.

If you are not registered in the Ramblers web site then you must register to set your preferences, go to <http://www.ramblers.org.uk/> then click on register to the left of Scotland at the top of the page.

If you are registered and have not set your preferences then please tick contact by email for the reason given below.

You must first go to <http://www.ramblers.org.uk/>

Then click on login at the top of the page. Then click My Account by the side of Logout and then click Update Profile. This link should work if you are logged in <https://www.ramblers.org.uk/my-account/update-profile.aspx>

If you have set your preferences to no email then think again ---- Head Office have told Groups and Areas not to contact people by email unless their preferences are set to accept email. *If you currently get your programme by email this will stop.*

Set your preferences to accept Emails.

Neither The Ramblers, Area or Groups will send Direct Marketing Material to you.

Thank you,

Ken Mill
