

Membership Secretary's Report November 2024

It is good news that I can report that our numbers are still growing.

When I took over this position in 2021 our membership was 160. It is now 175 (as at 17/11). We have all enjoyed meeting several of these new members on our walks and indeed some of them have undertaken to lead walks on a regular basis too.

From the information that I receive from Ramblers UK it seems that the majority of members that we have lost during this time have been fairly new ones. In fact one person I wrote to a few months ago welcoming them to the Group I had to remove the very next month as a resignation! Clearly they had realised a mistake had been made for whatever reason. But sadly we also loose others that have been members for many years and have become firm friends to us all and they are missed immensely.

The majority of our membership are happy to be contacted by email but there are still currently 10 members to whom I mail by post.

My thanks to Christine T and the rest of the committee for their support over the past year.

Christine Pankhurst
