

Chairperson report

Thank you to all our membership for supporting our Programme of walks and our various social events and trips. In particular I'd like to thank the committee for all they do in making this Severnside group so active and enjoyable .

There have been changes during the year, Ramblers are more prescriptive about Walk leader training and First aid for example. There is a governance review coming which may have impacts for us of which more later.

AS I avoid the internal politics of Ramblers - as agreed when I accepted this job - the governance changes - when/if they happen will simply be something we have to absorb, or we choose to leave the Ramblers organisational structure. These are items for wider discussion.

Thank you all for your support during the last year.

Chris.
